

Possibilities  
& Perspective

# ADHD Training

P&P Education is offering a CPD session for exceptionally reasonable prices. Sarah will come to your setting and train as many staff as you wish for one price (so no price per head).

- Isle of Wight schools price: £350
- UK schools price: £450
- International schools price: £450 + travel

## The session asks:

- Are you finding that you have increasing numbers of pupils (especially girls) with a diagnosis or obvious traits of ADHD?
- Do all your staff know what ADHD actually is? And what it really is not?
- Does everyone in your setting have consistent and inclusive strategies to support them to learn?
- Leading ADHD experts know that education for all those involved with these pupils is key to their development.

The first sessions are being run next week  
and feedback from them will be happily shared with you.  
Get in touch for a chat about your needs.
